Welcome to our cabin!

We hope you have a wonderful stay. We've created this guide to answer some of our most frequently asked questions and hopefully make your stay as comfortable as possible.

We've also included some of our favorite places and things to do in the area. If there is anything you need, please don't hesitate to call or text us. We would love any feedback to improve our guests' stays.

Thank you and enjoy!

Randy & Anna

DIRECTIONS

2656 BERTHA AVE.
SOUTH LAKE TAHOE, 96150

From Sacramento/San Francisco:

Take I-80E to US-50E

Take US-50E all the way to South Lake Tahoe.

Turn right at the intersection onto Lake Tahoe Blvd.

Turn right onto Carson Ave.

Turn left onto Bertha Ave.

Our cabin will be on the right behind a brown fence.

CHECKING IN AND OUT

CHECK IN: 4:00PM

CHECK OUT: 11:00AM

CHECK IN:

KEYS

The lock box code is contained in the text of the email that you received with this cabin guide. The lock box is located on the front porch on the right post as you're facing the cabin.

WE PROVIDE

Towels, bedding, toilet paper, hand soap, detergent, dryer sheets, dishwashing soap, shampoo & conditioner. There is coffee, tea, and sugar in the containers above the stove, as well as hot chocolate and sometimes marshmallows in the cabinet above the stove.

CHECK OUT LIST:

- Make sure key is placed back in the lock box and both front and patio doors are locked.
- Turn down BOTH thermostats to 50 degrees. (Living room and back room)
- Turn off and UNPLUG electric fireplaces.
- Make sure all appliances are off.
- Turn off all lights.
- Close all windows.
- The cleaning service will wash and replace the linens so the beds do not have to be made.

KEEPING **WARM** AND COOL

Keeping Warm - we have lots of ways!

Heaters

Downstairs we have 2 heaters, one in the living room, the other in the back room. Both are operated by thermostats. We recommend using these as your primary heating sources.

Fireplace

Our fireplace is electric and operated via remote located on the mantle. It should be used as a secondary source of heat. It's more for ambiance.

Electric Fireplaces

Located in both bedrooms. In the master bedroom simply plug in and turn on using the switch in the back. The smaller bedroom has an on/off switch on the side of the fireplace and can be adjusted to be flame only or flame with heat.

Blankets

We have provided wool and fleece blankets in the cubby in the living room. If you need to cozy up outside by the fire and need a blanket, please enjoy these! There are also extra ones for the bedrooms in the closets.

KEEPING **WARM** AND COOL

Staying Cool

Our cabin stays generally cool in the summer time since we're in a shady spot. If it does get warm, however, you can open the windows in the living room and upstairs bedrooms. That should do the trick. No worries about bugs getting in. The windows have screens! We've also provided fans that can keep the upstairs air circulating. Keeping both doors open with the windows open will keep things cooler as well.

Living Room Smart TV

There are 2 remotes. One for the Smart TV and one small silver one for the Apple TV. To access, press Source and scroll through the options.

We provide streaming access to various subscription platforms including YouTube TV, Netflix, Hulu etc. through the Smart TV. Guests will need their own passwords to access subscription platforms. We do not provide cable or satellite TV.

To use Apple TV (small silver remote):

Use the Smart TV remote and select Source. Scroll to select HDMI2. From here you will use the small silver remote.

To go back to TV

Use Smart TV remote, select Source, and scroll to select HDMI1.

Back Room TV:

You can stream through the PlayStation using the PlayStation remote. You can also watch DVDs located in the upstairs hall closet.

Wifi

The modem is located in the cabinet under the TV.

The network is called **McCabin**

The password is **tahoeoasis14**

APPLIANCES

Gas Stove

Front burners can be tricky. Push in and turn knob to light burner. Pots and pans and baking sheets are located under the cabinet next to the oven and in the drawer under the oven.

Dishwasher

Dishwashing detergent is located under the sink. Please run it before you leave if there are dirty dishes in it. Thanks.

Washer/Dryer

Detergent and dryer sheets are located in the cabinet above the washer/dryer.

Circuit Box

In the rare instance that a circuit trips in the house the breaker box is on the wall by the front bathroom. There is a separate one on the outside of the house next to the patio that powers the hot tub.

Water

Safe to drink and tastes great!

Snow

Watch out for snow and ice falling from the roof. The driveway, deck and patio can be slippery so please be careful.

There is a rack on the front porch where you can hang your skis and snowboards.

Gas Grill

There should be enough propane for the grill, but if it runs out, there is usually a back-up propane tank in the shed in the backyard. Please DO NOT move the grill from its location on the patio.

Fire Pit

To use the fire pit:

1. Remove the cover.
2. Find fire pit key and lighter located in the cubby under the stairs in the living room.
3. Insert the key into the metal hole on the side of the firepit.
4. Light the lighter.
5. Hold the **already lit** lighter over the pit and slowly turn the key counter-clockwise.
6. Once ignited, you can turn the key to adjust the level of heat.

Please turn the fire pit off after using -- then wait for it to cool before replacing the cover.

Note: Emergency shut off is located on the side of the house

Hot Tub

Located on the back deck. The temperature should be set to 102 degrees. If not, this is the recommended temperature. Please do not bring glassware into the hot tub. Beach towels can be found in the laundry room above the washer/dryer. Please try to limit activity after 10pm.

Trash

If you need to empty the trash, please take it out and put it in the bear box out front. We also separate recyclables. Please rinse them out and place them in the recycling bin in the kitchen.

RULES, RULES, RULES

- We like rules about as little as anyone, so we'll try to keep it short!
- **No smoking.** If you must, please go outside but be fire safe and pick up your butts.
- **Noise!** Please be respectful of our neighbors nearby and try not to be too loud. We ask that after 9 PM you keep the outdoor space noise to a minimum. South Lake Tahoe has been cracking down on vacation rentals and the noise ordinance applies to visitors as well as the owners. Those fines are hefty!
- If you spill something, clean it up. We have spray cleaner under the kitchen sink cabinet.
- Take off your shoes at the door.
- Please, no pets.
- **BEARS BEARS BEARS:** There can be wildlife, including bear activity in our yard. It's very important to not leave food outside and keep doors locked. Please if you see a bear, do not approach it - just let it have its space. You probably know this already, but we've had to remind some guests.
- Overall, we have put a lot of time and energy into renovating this cabin so it can be a special place for our guests. We just ask that you please treat it with care and respect.

THE GREAT OUTDOORS

There is lots to do around SLT. Here are just a few of our favorite spots and activities. Also, please have a look through our guide books and maps on the back room shelves.

Trout Creek Meadow

Just 2 short blocks to the right down our street will lead you to beautiful meadow with hiking trails and a stream. It makes for a lovely picnic spot!

Heavenly Ski Resort

Heavenly is our closest ski resort, just a few minutes drive to the California Lodge, or a 10 minute drive to the Gondola lodge.

Other ski resorts

Kirkwood, Sierra, Northstar, Squaw, Alpine Meadows and Homewood are all within an hour drive.

Beaches

The closest beach to us is Regan Beach. It's a 5 min drive or a bike ride away. There is a park and barbeque area there called Lakeview Commons. Pope Beach and Baldwin Beach are less crowded beaches near Camp Richardson. Drive west to reach those. Drive east for Lakeside Beach and Zeyphyr Cove.

Kayaking

We use "Kayak Tahoe" (530) 544-2011 and like the beach at Emerald Bay best.

Hiking

There are plenty of hiking trails nearby. Check out these helpful websites that list some of the best ones:

<http://www.everytrail.com/best/hiking-south-lake-tahoe-california>

<http://www.tahoeactivities.com/south-lake-tahoe-hiking>

Fallen Leaf Lake is beautiful in the summer. There is a marina at the south end of the lake where you can sit on the porch and grab lunch or a milkshake! Keep driving and you will come upon a great waterfall named Glen Alpine Falls.
